800V LT Panel

800V LT Panel | SKU SKE-SOL-001

Low-voltage panels rated for 800 V class solar and inverter duty. Also searched as: 800 V LT panel, 800V solar LT panel, LT panel for 800 V inverter output, low tension panel 800 V class, solar inverter LT panel

Specification

Product Type	800 V LT panel
Standard	IEC 61439
Voltage Class	LT, up to 800 V class
Construction	Sheet-steel, floor mounted
Protection Degree	IP42 - IP54
Typical Use	Inverter output / LT distribution

Typical applications

- Utility-scale solar plants
- Inverter-to-transformer links
- Plant LT distribution

Key features

- Rated for the inverter output voltage
- Bus and breaker sizing to the plant
- Metering and protection

To get a quotation, send us

- System size (kWp) and inverter details
- String / array configuration and DC voltage
- Number of inputs and outputs
- Indoor / outdoor mounting and ambient
- Monitoring and protection requirements
