Neutral Grounding Resistor Panels

Neutral Grounding Resistor Panels | SKU SKE-SWG-017

Resistor panels that limit earth-fault current at the transformer or generator neutral. Also searched as: NGR panel, neutral earthing resistor panel, NER panel, neutral grounding resistor, neutral earthing resistor, NGR resistor panel

Specification

Panel Type	Neutral grounding resistor (NGR)
Standard	IEEE 32 / IEC 60076-25
Voltage Class	LT to HT
Construction	Ventilated enclosure
Protection Degree	IP23 - IP54
Typical Use	Earth-fault current limiting

Typical applications

- Generator and transformer neutrals
- Industrial HV systems
- Substations

Key features

- Stainless-steel resistor elements
- Monitoring relay options
- Rated for fault duration

To get a quotation, send us

- Single-line diagram and incomer / feeder schedule
- System voltage, fault level (kA) and busbar rating
- Switching devices and make preference
- Indoor / outdoor, IP degree and ambient
- Metering, protection and communication requirements
