Array Junction Box

Array Junction Box | SKU SKE-SOL-004

Weatherproof boxes in the array field that combine PV strings with fuses and surge protection. Also searched as: AJB, solar array junction box, PV array junction box, DC array junction box, solar string combiner box

Specification

Product Type	Array junction box (AJB)
Standard	IEC 61439, IEC 60364-7-712
Voltage Class	DC, up to 1000 / 1500 V
Construction	Polycarbonate or sheet-steel
Protection Degree	IP65
Typical Use	String combining in the field

Typical applications

- Ground-mount solar fields
- Large rooftop arrays
- Utility plants

Key features

- Per-string fuses and monitoring options
- DC surge protection device
- UV-stabilised outdoor enclosure

To get a quotation, send us

- System size (kWp) and inverter details
- String / array configuration and DC voltage
- Number of inputs and outputs
- Indoor / outdoor mounting and ambient
- Monitoring and protection requirements
