DC Distribution Board

DC Distribution Board | SKU SKE-SOL-005

DC-side boards that combine string inputs with protection before the inverter. Also searched as: DCDB, solar DC distribution board, DC distribution box, direct current distribution board, DC switch board, solar DC combiner board

Specification

Product Type	Solar DCDB
Standard	IEC 61439, IEC 60364-7-712
Voltage Class	DC, up to 1000 / 1500 V
Construction	Sheet-steel or polycarbonate
Protection Degree	IP54 - IP65
Typical Use	String combining and protection

Typical applications

- String combining before inverters
- Rooftop and ground-mount plants
- DC isolation

Key features

- DC-rated fuses, isolators and SPD
- Monitoring-ready options
- UV-resistant enclosure

To get a quotation, send us

- System size (kWp) and inverter details
- String / array configuration and DC voltage
- Number of inputs and outputs
- Indoor / outdoor mounting and ambient
- Monitoring and protection requirements
