End Suction Mixed Flow (MF)

End Suction Mixed Flow (MF) | SKU SKE-PMP-007

Mixed-flow end-suction pumps that move large volumes at low to medium head. Also searched as: mixed flow pump, end suction mixed flow pump, MF series mixed flow pump, high volume low head pump, mixed flow centrifugal pump

Specification

Pump Type	Mixed-flow, end suction
Standard	To specification
Typical Service	High-volume, low-head transfer
Orientation	Horizontal
Drive	Electric motor (coupled or monoblock)

Typical applications

- Flood control and drainage
- Irrigation
- Large-volume circulation

Key features

- High flow at modest head
- Efficient at large capacities
- Suitable for clean or lightly contaminated water

To get a quotation, send us

- Flow rate and total head (or pressure)
- Fluid, temperature and solids content
- Suction conditions (NPSH available, flooded / lift)
- Motor / drive preference and supply voltage
- Materials of construction and any approvals required
