# Industrial Ethernet Switches & Gateways

Industrial Ethernet Switches & Gateways | SKU SKE-AUT-010

Industrial network switches and protocol gateways for plant communication. Also searched as: industrial ethernet switch, managed industrial switch, unmanaged ethernet switch, DIN rail ethernet switch, protocol gateway, Modbus to Ethernet gateway

## Specification

| | |
|---|---|
| **Product Type** | Industrial network device |
| **Standard** | IEC 61784 / IEEE 802.3 |
| **Selection Basis** | Number of ports, copper / fibre, managed or unmanaged, supply voltage, protocol conversion needed |
| **Typical Use** | Plant networks and PLC communication |

## Typical applications

- PLC and drive networks
- SCADA communication
- Protocol conversion

## Key features

- DIN-rail mounting
- Wide-temperature versions
- Managed and unmanaged

## To get a quotation, send us

- Rating (current / voltage / capacity) and quantity
- Standard and approvals required
- Application and installation environment
- Preferred make, if any (we confirm what we can supply)
- Datasheet or drawing reference, if you have one
