HT & LT Power Cables

HT & LT Power Cables | SKU SKE-CAB-002

Power cables for carrying electricity from supply to loads, in LT and HT grades with copper or aluminium conductors. Also searched as: XLPE cable, XLPE power cable, LT power cable, HT power cable, 1.1 kV XLPE cable, copper and aluminium power cable

Specification

Cable Type	Power cable, LT and HT
Standard	IS 1554 (PVC, LT), IS 7098 (XLPE, HT)
Conductor	Copper or aluminium
Insulation	PVC or XLPE
Voltage Grade	1.1 kV to 33 kV
Typical Use	Power distribution to panels, motors and plant

Typical applications

- Plant and building distribution
- Motor and transformer feeders
- Substation and utility connections

Key features

- Armoured and unarmoured types
- Flame-retardant options
- Supplied on drums or cut lengths

To get a quotation, send us

- Voltage grade and number of cores
- Conductor size (sq mm) and material
- Armoured or unarmoured, shielded or unshielded
- Length required and drum / cut-length preference
- Installation method (duct, tray, direct burial) and fire-performance requirement
