Medium Voltage Soft Starters

Medium Voltage Soft Starters | SKU SKE-SWG-015

Medium-voltage solid-state soft starters for smooth acceleration of large HV motors. Also searched as: MV soft starter, medium voltage motor starter, high voltage motor soft starter, MV soft starter panel, HV motor soft starter, medium voltage soft start panel

Specification

Panel Type	MV soft starter panel
Standard	IEC 60947-4-2 / IEC 62271
Voltage Class	3.3 kV - 11 kV
Construction	Metal-enclosed
Protection Degree	IP4X (typical)
Typical Use	HV motor soft starting

Typical applications

- Large pumps, fans and compressors
- Crushers and conveyors
- Weak-grid motor starting

Key features

- Reduces starting current and mechanical shock
- Bypass contactor option
- Motor protection functions

To get a quotation, send us

- Single-line diagram and incomer / feeder schedule
- System voltage, fault level (kA) and busbar rating
- Switching devices and make preference
- Indoor / outdoor, IP degree and ambient
- Metering, protection and communication requirements
