SKE Bharat | Specification sheet

PLC (Programmable Logic Controller)

PLC (Programmable Logic Controller) | SKU SKE-AUT-001

Programmable controllers that run machine and process logic, with digital, analogue and communication I/O. Also searched as: PLC, programmable logic controller, PLC controller, industrial automation PLC, PLC with digital and analogue I/O

Specification

Product Type	Programmable logic controller
Standard	IEC 61131
Selection Basis	I/O count and type, communication protocols, memory, programming software, supply voltage
Typical Use	Machine and plant control

Typical applications

- Machine automation
- Pump and utility control
- Packaging and material handling

Key features

- Modular or compact formats
- Industrial Ethernet and serial communication
- Programmable in IEC 61131 languages

To get a quotation, send us

- Rating (current / voltage / capacity) and quantity
- Standard and approvals required
- Application and installation environment
- Preferred make, if any (we confirm what we can supply)
- Datasheet or drawing reference, if you have one
