SKE Bharat | Specification sheet

Power Transformer

Power Transformer | SKU SKE-TRF-007

Power transformers for step-up and step-down duty in substations and generation plants. Also searched as: substation transformer, step up transformer, 33 kV power transformer, OLTC power transformer, oil filled power transformer

Specification

Transformer Type	Oil immersed, power
Cooling	ONAN / ONAF
Standard	IS 2026 / IEC 60076
Voltage Class	33 kV to 220 kV class
Vector Group	Per system
Tap Changing	On-load tap changer (OLTC)

Typical applications

- 33/11 kV and higher substations
- Generating stations
- Heavy industrial incomers

Key features

- OLTC with automatic voltage regulation
- Full protection accessories
- Routine and type tests

To get a quotation, send us

- kVA / MVA rating and phases
- Primary / secondary voltage and frequency
- Vector group, impedance and tap range
- Cooling and installation (indoor / outdoor, altitude, ambient)
- Applicable standard and test requirements
