Vacuum Pump

Vacuum Pump | SKU SKE-PMP-022

Vacuum pumps that remove air or gas to create negative pressure for process and priming duties. Also searched as: industrial vacuum pump, vacuum pump for process, priming vacuum pump, degassing vacuum pump, electric motor driven vacuum pump

Specification

Pump Type	Vacuum
Standard	To specification
Typical Service	Priming, process vacuum, degassing
Orientation	Horizontal
Drive	Electric motor (coupled or monoblock)

Typical applications

- Priming of large pumps
- Process vacuum and degassing
- Packaging and handling systems

Key features

- Suitable for continuous duty
- Oil-sealed or water-ring types on request
- Sized to the vacuum level and capacity needed

To get a quotation, send us

- Flow rate and total head (or pressure)
- Fluid, temperature and solids content
- Suction conditions (NPSH available, flooded / lift)
- Motor / drive preference and supply voltage
- Materials of construction and any approvals required
