Vertical Inline Multistage Pump

Vertical Inline Multistage Pump | SKU SKE-PMP-024

Vertical multistage pumps with in-line suction and delivery for pressure boosting and high-head transfer. Also searched as: vertical multistage pump, vertical inline multistage centrifugal pump, vertical multistage inline pump, vertical multistage booster pump, multistage pressure boosting pump

Specification

Pump Type	Vertical inline multistage
Standard	ISO 9906 (performance)
Typical Service	Pressure boosting, RO, washing, boiler feed
Orientation	Vertical, inline
Drive	Electric motor (coupled or monoblock)

Typical applications

- Pressure boosting
- Reverse-osmosis plants
- Boiler feed and process water

Key features

- High pressure in a compact footprint
- Stainless-steel wetted parts available
- Low noise, small floor area

To get a quotation, send us

- Flow rate and total head (or pressure)
- Fluid, temperature and solids content
- Suction conditions (NPSH available, flooded / lift)
- Motor / drive preference and supply voltage
- Materials of construction and any approvals required
